Is your child turning 26?

Triple-S Salud has options to keep taking care of their health

Did you know 26 is the age limit for a child to be an eligible dependent under a health plan? We understand how this may worry you. Knowing your child is about to turn 26, at Triple-S Salud we would like to tell you more about what you can do to keep them covered and continue getting their health care services.

TWO OPTIONS FOR CONTINUATION OF CARE

Consolidated Omnibus Budget Reconciliation ACT (COBRA)

COBRA is a federal law through which employees and their dependents who become ineligible for their employer-sponsored health insurance can keep their coverage. If your health insurance offers this, COBRA allows your child to keep enjoying the same health benefits they now have. They can enjoy this benefit for up to 36 months. To learn more about COBRA and its cost, please call the health plan administrator in your company.

Triple-S Directo

Triple-S Directo is a comprehensive health insurance plan that offers your child the continuity of care they need. With Triple-S Directo, along with strong coverage, they also have many other benefits. These include:

- **TeleConsulta MD:** virtual consultations with a doctor from your cellphone or computer.
- **Triple-S en casa:** an app for managing prescriptions electronically and getting medicines at home.*
- **Triple-S Salud mobile app:** get information about your plan, medical directory, and many more benefits.
- **Salus clinic network:** \$0 copay for generalists, specialists, subspecialists, nutritionists, and X-rays.
- **Dental Coverage:** \$0 copay for preventive and restorative diagnostic services to keep a healthy smile.
- **Vision:** benefit of \$50 for eyeglasses or contact lenses.
- **Triple-S Natural:** more options to take better care of yourself.
- A network of more than 13,000 health care providers.

Don't let them lose their protection

To do this, get the protection of a Triple-S Directo plan before they lose eligibility to your employer-sponsored plan. To learn more, please call 787-277-6682 or visit our page, sssdirecto.com

Benefit coordination

WHAT IS COORDINATION OF BENEFITS?

- Avoids payments in excess when health care is covered by two or more health plan policies.
- The payment of deductibles and coinsurances left to pay by the primary plan, will be assumed by your secondary plan when the payment does not outpace the net payment amount if only you had a primary plan. The payment policy will apply as stated by the contract.
- This also applies to any request of reimbursements you have made where you could recover the whole or the maximum possible of the cost of the care received.

HOW DO I PAY THE DEDUCTIBLES AND COINSURANCES?

- Traditional way** (Medicare) - Triple-S Salud pays the deductibles and coinsurances left to pay for Medicare, applying the payment policy.
- Triple- S Salud with another Triple-S Salud plan or an external private plan** - the payment of deductibles and coinsurances left to pay for the primary plan, will be assumed by the secondary plan when and when this payment does not outpace the amount of the net payment that would have made this same policy if only this were your primary plan. The payment policy applies.
- Preserving benefits** - payment for the secondary takes as its basis the comparison of the net payment of your primary with the net payment of your secondary plan, as if the latter is primary

WHO PAYS FIRST?
