We're proud to work with these health care providers to offer you quality care:

It's easy to use your health plan

Choose from quality health plans

Our preferred provider organization plan gives you the most freedom to choose your own primary care provider, get specialty care without a referral, or see providers who aren't in our network at a higher cost.

With the health maintenance organization plan, you'll choose a PCP to coordinate your care and a health center. You'll need a referral to see specialists who aren't in your health center, but you won't need a referral for basic services like urgent and preventive care.

Find a PCP or other health care provider

Go to hmsa.com to use Find a Doctor. Just remember to choose your plan before starting your search.

Get after-hours care

- Connect with a doctor on your computer or mobile device from anywhere in Hawaii with HMSA's Online Care. Online Care doctors are available 24 hours a day, seven days a week.
- See a doctor at urgent care clinics in our network. To search for urgent care providers, go to hmsa.com/urgentcare.
- See a doctor or nurse practitioner at MinuteClinic, the medical clinic in selected Longs Drugs stores on Oahu. To find a MinuteClinic, use Find a Doctor on hmsa.com.

Most urgent care clinics are closed on Thanksgiving Day, Christmas Day, and New Year's Day. Services vary by location. Call the clinic to ask about specific services.

Get care around the world

If you need to travel, your health plan gives you access to care on the Mainland and in many international locations. If you have eligible dependents on your plan, they can get care from participating Blue Cross and Blue Shield providers on the Mainland.

How it works

HMSA is part of the Blue Cross and Blue Shield network, which gives you access to 1.7 million doctors and hospitals nationwide. Your HMSA plan will also protect you in 170 countries and territories around the world.

Looking for a doctor or hospital on the Mainland? Go to bcbs.com.

Traveling internationally? Download the Blue Cross Blue Shield Global® Core mobile app for Apple and Android devices. You can use the app to search for providers when you travel. To learn more, go to bcbsglobalcore.com.

Be prepared

- Before you go, make sure you have your current HMSA membership card with you. Your card will help providers file your claims.
- You can also call 1 (800) 810-BLUE (2583) for the names of participating doctors and hospitals in the area you'll be visiting.

Learn more about our Care Access Assistance Program

If you need to travel to another island for medical treatment, you may be eligible for financial assistance if your care isn't available from a participating provider on your home island or you can't get an appointment soon enough. Call us at 1 (844) 357-0726 to learn more about this program for PPO plan members.

Take care of your well-being

Every day is another step in your life’s journey. Whether you want to stay on course or get back on track, these programs will help you enjoy life in good health.

Put yourself first. Call your doctor to schedule an annual preventive health evaluation. It’s a great way to stay on top of your health and stop health problems before they start.

Try something new. With HMSA, you can choose from hundreds of exclusive discounts on yoga classes, massage therapy, and more. With the Active&Fit Direct™ program, you can move more for less at a gym or fitness center in the Active&Fit Direct network.

Get inspired. Learn something new at an HMSA health education workshop or try a new recipe from HMSA’s *Island Scene* magazine in print and online at islandscene.com.

Plan ahead. The HMSA Pregnancy and Postpartum Support Program pairs pregnant members with a maternity nurse who provides education to supplement the care they receive from their ob-gyn.

Live your healthiest life. The HMSA Diabetes Prevention Program can help you prevent diabetes through healthy lifestyle changes.

Make a clean break. Quitting tobacco is hard to do. Get the support you need from Hawai’i Tobacco Quitline. Call 1 (800) QUIT-NOW to get started.

Take care of your heart. The Ornish Lifestyle Medicine™ program can help eligible members improve their health through diet, exercise, stress management, and group support. Learn more at hmsa.com/well-being.

Prescription Drugs

With HMSA, you'll enjoy prescription drug benefits with greater convenience and more savings. We work with our pharmacy benefits manager, CVS Caremark®, to offer innovative pharmacy programs and services and access to a large retail pharmacy network with 68,000 pharmacies in Hawaii and on the Mainland.

It's your choice

When you need medications, you can fill prescriptions at a participating pharmacy or by mail. To download and print a mail service order form, log in to My Account.

- For more savings, use your ExtraCare® Health Card to save up to 20% on CVS Health Brand health-related items that cost more than a dollar at Longs Drugs stores or online at [cvs.com](https://www.cvs.com).

Save time

- If you have long-term medications, you can save time and money when you order a 90-day supply. Ask your pharmacy about 90-day at Retail.
- With ReadyFill at Mail, you can get refills from a service center on Oahu at no added cost.

Go online

- To sign up for mail-order prescription drugs, log in to My Account.
- On My Account, you can also connect with a pharmacist online, print forms, see processed claims, find a nearby pharmacy, and order prescription refills.

Health care plain and simple

Health care terms can be confusing. We're taking the jargon out of health care.

Claim

An invoice that includes information about the health care services you've received.

Coinsurance

Your share of the cost for health care services. It's usually a percentage of the amount charged for services. You start paying coinsurance after you've paid the deductible.

Copayment

The fixed dollar amount you pay out of pocket for medical services and products that are benefits of your HMSA plan.

Covered services

These are health care services that HMSA pays for based on your plan benefits. Sometimes, if your HMSA plan covers a service, you may have to pay a copayment or deductible.

Deductible

The amount you pay each year before your HMSA plan starts paying for covered services or products.

Drug formulary

A list of generic and brand-name prescription drugs that your drug plan pays for.

Eligible charge

The amount that participating providers agree to charge for covered services or products.

Health maintenance organization

A type of health plan that lets you pick one health center and a PCP in that health center to provide all of your care.

Network

The group of providers that participates in a health plan. As an HMSA member, you have access to the providers in the HMSA network of providers.

Nonparticipating provider

A doctor, hospital, pharmacy, lab, health center, or other health care provider who doesn't contract with HMSA to charge set fees to members. Using these providers almost always costs more than using participating providers.

Out-of-pocket maximum

The most you'll have to pay per calendar year for covered health care services. Once you reach the out-of-pocket maximum, your plan pays 100% of the allowed amount for covered services excluding taxes.

Participating provider

Providers in our network who agree to charge members a set amount for covered services.

Preferred provider organization

A type of health plan that lets you see any provider in HMSA's network.

Primary care provider

Your main doctor who coordinates your care.

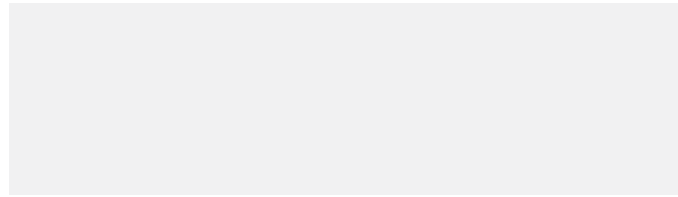

Provider

A health care professional such as a physician, nurse, physical therapist, physician's assistant, or lab technician.

Privacy Notice

This notice describes how your health data may be used and disclosed and how you can access your data. Please read it carefully.

We care about the privacy of your health data and protect your privacy in keeping with federal law. This notice describes our privacy rules, our legal duty, and your rights about your health data. This notice went into effect Sept. 22, 2013.

We must give you a copy of this notice and follow the terms of this notice. We have the right to change this notice at any time. If we make major changes to this notice, we'll post a revised notice on HMSA's website (hmsa.com). We'll also give you a copy of the revised notice or details about the changes and tell you how to get the revised notice.

Your Protected Health Information, or PHI

Your PHI includes data about you, the health care services you get, and payment for your care. HMSA gets and produces PHI. For example, after you visit the doctor, a claim is sent to HMSA. The claim may have details about your health, symptoms, injury or illness, exam, treatment, and more. Your PHI may be used in several ways, such as to pay your claim or to plan your care.

Your Rights

The law gives you rights about your PHI. As an HMSA member, you have the right to:

- Ask for and get a copy of this notice at any time.
- See or ask for a copy of your PHI on paper or in electronic form. There may be a fee for these copies.
- Ask us to limit how we use and share your PHI. There may be reasons why we can't agree to your request. Even if we agree, we may still share your records during emergencies or when the law says we have to.
- Ask for and get a list of third parties that we share your PHI with for certain reasons.
- Ask that your PHI be sent to you by a different way other than by mail or be sent to a different address. This can be done if you feel your life is in danger.
- Ask to add to your PHI. In some cases, we may not be able to grant your request, such as if we did not create the PHI. If we deny your request, we'll tell you why in writing. If you don't agree, you may send us a letter that says you do not agree.
- If there is a misuse of your PHI, we'll let you know about it if we feel it's needed or if the law says we have to.

You may contact us as noted at the end of this notice about your rights.

Our Duties

The law clearly spells out the duties of health plans. HMSA must:

- Protect the privacy of your PHI.
- Give you a notice of our privacy practices.
- Follow the terms of this notice.
- Fulfill your request to send PHI in a different way or to a different address. This can be done if you feel you are in danger. Your request must be reasonable and state the other address or the other way you want us to contact you. Also, your request must let us pay claims, send you letters, and collect premiums for your health plan.*
- Use and share only the PHI we need to do our jobs.
- Make sure our business associates agree to protect your PHI the same way we do.

* Collecting premiums does not apply to HMSA QUEST Integration members.

We won't use or share your PHI except when the law says we have to or as described in this notice. Also, we won't ask you to give up your privacy rights to join an HMSA plan or to get care.

How PHI is Used and Shared

There are three key areas where we need to use and share your PHI: to treat you, to pay your claims, and for other health care operations. We may also contract with other parties or BAs to do the work for us as long as they promise to protect your PHI as we do. Each area is described below.

To treat you: This includes services to provide or manage your health care. As your health plan, we may need to share PHI with your doctor or others so they can treat you.

To pay your claims: We need to pay claims from doctors, hospitals, and others for your care. We may also share PHI to collect premiums, to see if you can get care, to set your level of coverage, and to work with other health plans to decide on benefits.

For health care operations: We want you to get quality health care services. To do that, we may get copies of your medical records and your lab test results for quality review, to review provider qualifications, and to track wellness and manage disease. We may also use PHI to set premiums, resolve complaints and appeals, manage our business, and other operations.

Other Ways We Use and Share PHI

At times, we'll need to use and share your PHI for your own good, to serve the public good, or when the law says we have to. In these cases, we'll use and share only the smallest amount of PHI needed. Examples are:

To discuss treatment options or other products or services: HMSA or its BAs may use your PHI to send you details on care options or other products or services as allowed by law. This may include data on our provider network and new products or services that only HMSA members can get. It may also include options on other care, health care providers, or settings of care that may work for

you. You may contact us if you don't want to get certain letters. We'll get your authorization to send you details about a third-party's products or services if we get payment from the third party for doing so or in other cases when the law says we have to.

To others involved in your health care: Unless you object, we may share your PHI with your family members or a friend who's involved in your health care.

For raising funds: HMSA doesn't ask its members to raise funds for its own use.

For underwriting: We may use your PHI to create, renew, or replace your health plan or health benefits. We won't use or share this PHI for any other reasons except when the law says we can or the law says we have to. We won't use or share genetic data for underwriting uses. If the contract for a health plan or health benefits is placed with us, we'll use and share your PHI only as described in this notice or as allowed by law.

With your written authorization: Most uses and sharing of psychotherapy notes, some uses and sharing for marketing, and sharing that involves the sale of your PHI will need your authorization. You may also give us authorization in writing to use or share your PHI with someone you name. You may end your authorization in writing at any time. We'll honor your request unless the PHI has already been shared. We won't use or share your PHI for reasons that aren't allowed by law or not described in this notice unless we get your written authorization.

During an emergency or disaster: During a medical emergency or disaster, we may share your PHI to make sure you can get the care you need or to process payment for your care. We may also need to share your PHI during a disaster to help your family find out how you're doing and where you are. If you're not present or aren't able to agree to these uses of your PHI, we may need to decide if sharing the PHI is best for you.

To plan sponsors: We may share your PHI with your group health plan sponsor or its legal representative to help them manage your group health plan. Only the smallest amount of PHI needed will be shared.

For health information exchanges (HIEs): We may take part in one or more HIEs. This means that your PHI may be available electronically to treat you, to pay your claim, or for health care operations. Other doctors and health plans that take part in the HIE may have access to this data.

To report to authorities: As required by law, we may share your PHI if we suspect abuse, neglect, or domestic violence.

For research: We may use or share your PHI with researchers when they agree to protect it.

To comply with privacy laws: We may use or share your PHI as required by privacy laws.

For workers' compensation: We may share your PHI to comply with laws on workers' compensation or similar programs.

For public health: We may share your PHI with public health or legal staff who work to prevent or control disease, injury, or disability.

For health oversight: We may share your PHI to prevent fraud and abuse, and for audits, investigations, inspections, licenses, and other government activities to monitor health care.

For judicial and administrative matters: We may share your PHI in response to a court or administrative order, subpoena, or other law process, in some cases.

For law enforcement reasons: In a few cases, such as a court order, warrant, or grand jury subpoena, we may share your PHI with law enforcement officials.

For military or national security reasons: In some cases, we may share PHI of armed forces staff with military authorities. We may also share PHI with federal officials for national security reasons.
